

DPW WORK REPORT

April 2021

- **Quotes for DOT Inspections per council request are; Courtesy Car & Truck = \$55.00
American Truck = \$68.00**
- **FMCSA (Federal Motor Carrier Safety Administration) handbook, part 390.3 General Applicability exempts local government vehicles.
(Aerial portion of our bucket truck has to be inspected yearly.)**
- **Both plow trucks were taken to American Truck for general inspection. No major issues but we are having a radiator hose and an air manifold replaced. The old red truck also went out to have brake work done.**
- **Quotes provided by Concord Excavating and Parrish Excavating for review by DPW Committee.**
- **Main St. chip /seal project slated for end of May.**
- **Working on list for tree removal.**
- **I have been contacted by Kris McFadden Tree Service about coming in to complete grinding of the stumps from last year. He has reground 3 so far.**
- **Language added to deed by Village for maintenance / flushing purpose only at the old fire hall.**
- **Gary has contacted 2 concrete companies to bid on sidewalks.**
- **Marshall Welding finished the riser frames. We will begin installing them.**
- **Blower motor back from CEM in Coldwater. Has been reinstalled and now working properly.**
- **Sign installed at Randalls warehouse for "No Parking North of This Sign"**
- **Peerless Midwest contacted for maintenance on Well #1 to pull pump and motor and to video well casing. I have not been contacted on a date yet.**
- **We are being required to sample for PFAS by EGLE again this year.**
- **Discharge of the lagoons completed for spring unless excessive rain forces a change in plans**
