

Sammy's Disposal

08/01/2022

Village of Tekonsha we have made a few changes to help ensure you are receiving the best possible service. We hope these changes will help improve our service to you and prevent any future problems.

We would like to ask that every resident please place trash bins out the night before service is to be provided. This also includes recycling. We have new drivers and are leaving earlier as the routes are getting bigger to allow time to get everyone picked up.

In addition, our new drivers have been instructed to leave lids open as they are emptied to ensure they have not missed street addresses.

Trash bin need to be out the night before.

Our drivers have also been instructed to not pick up trash bins that do not have our service label. Therefore, if any resident has a can that is missing a label, please contact us and we can get these addresses to our driver to ensure pick up and we can get a replacement can delivered to prevent any future missed pick-ups.

Thank you we appreciate your business and hope that these changes will help us provide better service to you.

Sincerely, Sammy's Disposal
